

## Explore Green Solutions to Analytical Problems at the 2018 EAS With These Exhibitors

*Last updated July 19, 2018*

ACS New York Section	MilliporeSigma
Activated Research	MIRTHE+ Photonics Sensing Center
Aczet	Molnar Institute
Agilent Technologies	New Era Enterprises
Airgas USA	New York Microscopical Society
Alliance Calibrations Group	New York/New Jersey SAS
American Chromatography Supplies	NJ Mass Spec Discussion Group
American Laboratory	Omicron Scientific
American Pharmaceutical Review	Parker Hannifin
Anasys Instruments	PerkinElmer Inc.
AMETEK Arizona Instruments	Photothermal Spectroscopy Corporation
Bruker Corporation	Postnova
Cayman Chemical	Princeton Instruments
CEM Corporation	Reichert Technologies
Chromatography Forum of DE Valley	Renishaw
Coblentz Society	Restek
Distek	Rigaku Americas Corp.
Dissolution Technologies	Rudolph Research Analytical
DWK Life Sciences	Sannova
GenTech Scientific	Sartorius
GERSTEL, Inc.	Savillex
Gibraltar Laboratories	Sciex
Hi Scientific	SCP Science
Inorganic Ventures	Shimadzu Scientific Instruments
JASCO	S-Matrix Corporation
JEOL	Sotax
Lab Manager/LabX	Spectro Analytical Instruments
LCGC and Spectroscopy Magazines	Spex Sample Prep
LGC Standards	TA Instruments
Logan Instruments	Thermo Fisher Scientific
Macherey-Nagel	USP
Mac-Mod Analytical	Viavi Solutions
Malvern Panalytical	VUV Analytics
Martel Instruments LLC	Waters Corporation
Merlin Instrument Company	Wyatt Technology
Metrohm USA	YMC America
Mettler Toledo	ZirChrom Separations
MicroSolv	

All booth space has been rented, but a small number of tabletops still are available.  
For additional information, please contact Sheree Gold, Exposition Director, at 610-742-4981 (cell) or easinfo@aol.com
