

Explore Green Solutions to Analytical Problems at the 2018 EAS With These Exhibitors

Last updated October 24, 2018

ACS New York Section	MIRTHE+ Photonics Sensing Center
Activated Research	Molnar Institute
Aczet	Mott Corporation
Agilent Technologies	Nacalai
Airgas USA	Neutec Group, Inc.
Alliance Calibrations Group	New Era Enterprises
American Chromatography Supplies	New York Microscopical Society
American Laboratory	New York/New Jersey SAS
American Pharmaceutical Review	NJ Mass Spec Discussion Group
Anasys Instruments	Omicron Scientific
AMETEK Arizona Instruments	Parker Hannifin
Bruker Corporation	PerkinElmer Inc.
Cayman Chemical	Photothermal Spectroscopy Corporation
CEM Corporation	Pittcon 2019
Chiral Technologies, Inc.	Postnova
Chromatography Forum of DE Valley	Princeton Instruments
Coblentz Society	Regis Technologies
Distek	Reichert Technologies
Dissolution Technologies	Renishaw
DWK Life Sciences	Restek
ELGA LabWater	Rigaku Americas Corp.
EST Analytical	Rudolph Research Analytical
GenTech Scientific	Sannova
GERSTEL, Inc.	Sartorius
Gibraltar Laboratories	Savillex
HI Scientific Services	Sciex
Innovations United	SCP SCIENCE
Inorganic Ventures	Shimadzu Scientific Instruments
IonSense	S-Matrix Corporation
JASCO	Sotax
JEOL	Spectro Analytical Instruments
Lab Manager/LabX	Spectrum Chemical Mfg. Company
LCGC and Spectroscopy Magazines	Spex Sample Prep
LGC Standards	TA Instruments
Logan Instruments	Thermo Fisher Scientific
Macherey-Nagel	Thomson Instrument Company
Mac-Mod Analytical	Trajan Scientific and Medical
Magritek	USP
Malvern Panalytical	Viavi Solutions
Martel Instruments LLC	VUV Analytics
Merlin Instrument Company	Wasson-ECE Instrumentation
Metrohm USA	Waters Corporation
Mettler Toledo	Wyatt Technology
MicroSolv	YMC America
Microtrac Inc.	ZirChrom Separations
MilliporeSigma	

Sold out for 2018! For information on exhibiting with us in 2019,
please contact Sheree R. Gold, EAS Exposition Director at easinfo@aol.com or 610-742-4981 (cell).
